RADICAL RENOVATIONS

A Charity that Renovates other Charities

Like a modern day barn raising, HeroWork brings community together for “Radical Renovations” that transform and uplift partner charities.

Almost 50% of charity buildings are more than 60 years old and close to 40% urgently need renovations. We are on a mission to change this. Here's How:

1 Worthy Charities

HeroWork partners with a local charity to identify their unique needs and design a renovation that will work for them for years to come .

2 Amazing People

HeroWork mobilizes the community. A Radical Renovation will see over 100 sponsors and 500 volunteers come together to transform a charity space.

3 Radical Renovations

HeroWork organizes unforgettable community events that result in transformed charity buildings at a fraction of market value and time.

HeroWork has completed more than \$5 million of charity renovations in the CRD.

Radical Renovations are a series of weekend events that bring hundreds of volunteers and businesses together from all walks of life to work towards a common goal—transforming our partner charity! These events are fun, high energy and inspiring; lunch is always on us! HeroWork strives to build up charities while promoting community awareness of important social issues. We can achieve incredible things when we work together! Will you make a difference with HeroWork?

HeroWork is a registered charity that renovates other charities.

The Radical Renovation

Like many local charity spaces, Kiwanis Young Family Centre is overdue for a massive renovation that will see the space get caught up on some much needed TLC and increase its capacity to offer support to more young moms long into the future.

The transformation of Kiwanis Young Family Centre will include:

- Design and construction of two brand-new 2-bedroom basement suites. This will increase Young Moms' occupancy by 25%.
- Re-furbish and re-fresh of the 8 existing suites.
- Design and build a better family free store.
- Design and construct a nature playground.
- Re-designed front landscape to maximize parking for staff and residents.
- Repair and upgrade a laundry list of worn and weathered details around the building.
- Apply the "HeroWork touch" to entire property. If you have been a part of a Radical Renovation, you know what we mean!
