

Healthy Living: Neuro Fit Workout

April 27th – May 1st

Warm Up: 5-7 minutes Repeat pattern 2-3 times	Marching with Chest Press (30 sec) Cross body punches (30 sec) Marching with Shoulder Press (30 sec) Reach your toes, curl up and reach for the sky (30 sec) Marching with Leg Lifts (30 sec) Leg Extension & Heel Digs, left then right (30 sec each)	
Stand Ups	Weights: n/a Rep: 4 – 10 or 60 sec long Sets: 3	Option 1) In chair, near pole assist, work to sit mid chair and put weight evenly in feet to push off feet and push or pull off pole to bring yourself near vertical. Adding leg lifts once seated, think bringing knee up without hands. Option 2) No chair, near pole assist, bring yourself to stand tall, try to step forward and back with each foot holding pole lightly for assistance.
Leg Extension	Weights: Add Band Rep 10 -12 Sets: 3 Holds: 15 sec	While seated in a chair/wheelchair, kick out one leg (try not to use hands to assist) to start, lift it as high as you can hold. Count for the hold, slowly drop the foot and repeat. Ensure to do one side at a time. Two legs together for added challenge. Add band around foot, keeping arms still for grip and let legs do all the work
Leg Curls	Weights: hand towel Rep 6 – 10 Sets: 3 - 4	While seated in a chair/wheelchair, have chair near a hard floor (no carpet). Place towel under feet. Now, without your hands, begin to push foot/feet into towel on the floor for added resistance to then bring heels under chair. If one foot is working harder than the other, separate your feet and complete the movement.
Chest Press	Weights: Band of choice Rep: 12 -15 Sets 3 Hold: 15 sec	While seated in a chair/wheelchair, place band around back of your chair roughly chest height. Choose your grip on your band for difficulty (i.e. closer = harder). Now move to press both hands out in front at chest height evenly. Once out, hold with chest muscles flexing, then release and repeat. Opt to use weights instead of band.
Anchored Row	Weights: Band of choice Rep: 15-20 Sets 3 Hold: 15 sec	While seated in a chair/wheelchair, place band under your feet and keep feet pressed into the floor. Now, choose your grip distance for pull intensity (i.e. looser at knee = easier) and move to sit up nice and tall engaging core. Move to pull elbows back and squeeze mid-back on pull for hold, then release and repeat.
Weighted Pick Ups	Weights: 1 – 5lb Reps: 10 – 14 each side Sets 2 - 3	While seated in a chair/wheelchair, place weight (or can) on the floor to your right. *Option to remove arm rests of chair first*. Now, move to tip to the side engaging your obliques to lift the weight with one hand, sit up tall in the middle, switch hands and move to tip to left and leave the weight. Repeat from pick up.
1) Bicep Curls 2) Tricep Extension	Weights: 1 – 5lb Reps: 10 Sets: 2 - 3	Bicep Curl: Holding weight (or can) with long arms at your sides, move to slowly bring thumb to shoulder and even slower to drop to long arm. Control is key. Tricep Extension: Holding weight in one hand, bring arm straight up in the air, holding elbow with opposite arm, move to drop thumb to ear and extend. Slower is better.
