Seated Leg Ups OR Lying Leg Drops with Band	Rep 8 – 12 or 30 – 45 sec Sets: 3	Sitting at middle or edge of chair, leaning back on chair, using hands to hold chair from behind as needed. Begin by lifting one knee up at a time, keep the hold without caving your chest and then slow release of the legs to the floor. Slower the better. Two bands for additional resistance.
Lateral Lunges OR Step Back Lunges	Rep: 8 – 10 Each Sets 3 - 4 Speed: 3 count	Starting with feet together, begin to step with parallel feet to the right (only as far out as you feel safe) and bending into the right knee like a squat.
